**Subject: Welcome To TEAM DOMINION**

Hello,

It is indeed an honor and a privileged to have you to join The Team Dominion family. First of all I want to tell you that in the words of the pointer sisters "We are family". We are currently one of the fastest most dominating team in this incredible industry.

I am Robert Brown one of your Team leaders on this great team and I am here to serve you. I get the privilege to tell you that you have made one of the greatest decision in your life. Not often do a Major NYSE stock change company allow you to attach your name to their name. This is a marriage, a commitment. And there is a system of success already in place. If you make a decision to fall at the mercy of the system today, then wealth is your destiny in this company. The PPL SYSTEM is design to do one thing, create millionaires.

Now you may not desire to be a millionaire, but our team have several and I want you to meet them personally. These are your business partners and they are only a phone call away.

There are only three things we have to do immediately, so lets start now.

- I must get you plugged into the first step training. But you have to help me.
- Immediately attend the next weekly system training.
- Attend your local business briefing with 5 guest, I will help you do that.
- Get your state license if it is required in your state.

Thats it for now, but we have to move fast. I have to get you a check in 4 to 5 days. And we will do it as a team, as a family.

Here in this pack is some study sheet. Please study, do, and memorize them all. It will explode your business in a short period of time.

So again welcome to the team, welcome to the family and know that on behalf of the leadership we are only a phone call away.

And remember we are here to serve you.

**Your Business partner,**

Robert B. Brown  
Executive Director

TEAM DOMINION

The Fastest and most dominating teams in Prepaid Legal Services Inc.
